

MINUTES OF MEETING OF CILCAIN COMMUNITY COUNCIL AT THE FOOTBALL CLUB BUILDING, RHYDYMWYN ON 21 MARCH 2022.

Present: Chairperson: Cllr Gareth W Hughes

Councillors: J Emyr Davies

Gwen Hardman Jean Ramsay

W Owen Thomas John Worthington

The Clerk was in attendance

Mr Neil Hickie from Flintshire Streetscene joined the first part of the meeting.

1. CHAIRMAN'S OPENING REMARKS

The Chairman welcomed Members to the March Council Meeting. Croeso i bawb i Gyngor Mis Mawrth. The Chair also welcomed three members of the public to the meeting.

2. APOLOGIES FOR ABSENCE - Cllr Ann Baker, Cllr Janet Butlin, Pauline Douglas, Cllr Greg Foster, Cllr Ian Hughes, Cllr Ian Smith.

3. DECLARATIONS OF INTEREST - Cllr Gwen Hardman declared an interest in Item No 19 on the Correspondence Section, and would be leaving the Council room when this item was being discussed.

4. MINUTES OF LAST MEETING - Cllr Gwen Hardman proposed acceptance, Cllr John Worthington seconded and all Members agreed to approve the Minutes of 21 February 2022 meeting. One of the Councillor's names in the Declaration of Interest List was corrected. The Chairman signed the Minutes.

5. MATTERS ARISING - (Highway Matters)

Streetscene Action Plan - dated 21 February 2022

Mr Neil Hickie was invited by the Chairman to comment on the items on the Action List.

Benches at Is y Mynydd - A Cilcain resident asked if there had been any progress on replacing the benches.

Chair explained that Flintshire CC Housing was responsible for replacing the benches. A reminder had been sent to the Housing Section since the last meeting. Removing the bench was discussed. Members agreed to obtain an indication regarding timescale first.

Cllr Worthington volunteered to remove the plaque for safe keeping.

Hosting of Ukraine refugees - The same Cilcain resident enquired if the Community Council was aware of any initiative to host refugees that Flintshire CC or Community Councils were involved in.

The Chairman referred to a Rhydymwyn resident being actively involved in looking into the position for a local hub being set up in the area.

Cllr Jean Ramsay informed the Council that the Rhydymwyn person's details were on the Rhydymwyn and Hendre Website.

Cllr Gwen Hardman referred to details of Flintshire's initiative being on the Flintshire Website or social media.

Cllr W Owen Thomas reported that Flintshire CC had decided to accept a certain number of Ukrainians.

Cllr Hardman maintained that there was a need to coordinate the various initiatives in the area.

Rev Daniel Stroud had also been looking into the issues involved.

6. MATTERS ARISING (Non - Highway Matters)

p71 Foul Smell, Dolfechlas Road - The Clerk reported that a response had been received from Welsh Water's Mr R Kelbrick.

- (i) Welsh Water had a gas detector but the detector used by Welsh Water was to protect operatives when working in confined spaces. The equipment was not designed to detect low levels of odour on the surface.
- (ii) Investigating the possibility of cross connections between the foul and surface water system would require liaison with the Highway Authority. Clerk to pass the information on to Mr N Hickie.
- (iii) Air vents columns could be considered, but it would be appropriate to identify the origin of the odour initially by undertaking the checks outlined in (ii) above.

p72 Bowling Club, Cilcain - A quotation had been received from the Council's Solicitor for undertaking the necessary legal work. Members agreed for the Clerk to instruct the Solicitor.

p72 Mill Terrace, Hendre - Cllr W Owen Thomas reported that the residents are preparing a petition to submit to Flintshire. Cllr Thomas intends to submit the petition to the appropriate committee when it becomes available. The Chairman maintained that the Community Council had been promised that a start would be made on a preliminary survey over two years ago. Loss of staff from the land drainage section did not help matters. Members agree that a petition would not do any harm to push things along.

Cllr Mrs Jean Ramsay referred to a similar occurrence with traffic speed calming measures proposed at one time for Hendre. Two Flintshire CC Officers came to the Council Meeting and promised a number of speed calming measures. Four or five years later not a single item had been forthcoming. The last item that was promised was a camera installation, whereby the camera would be moved on a monthly basis between different sites in Flintshire. Clerk to enquire what has happened to the shared camera proposal. Cllr Thomas recalled meeting a Flintshire Traffic Engineer at Hendre to agree a suitable location for the installation.

p72 **Bryn Sholyn, Cefn Road** - Item can now be deleted.

p72 **Trimm Rock former quarry** - Letter sent to Flintshire Minerals Section to enquire if Flintshire CC had a Public Protection Officer who could serve a Notice on the owner to make the site safe. Flintshire had also been requested to check if the Mines and Quarries Act could be used to force the landowner or the owner of the mineral rights to make the site safe. The Chair recalled a site meeting having taken place at the quarry, approximately two years ago. Access to the quarry had been through a gap in the boundary fence. The gap in the fence has not been repaired, two of the upright metal posts still being missing. The landowner cannot maintain that the site is secure. This information (with a photograph) regarding the lack of site security to be passed on to Flintshire.

p72 **Faded tourist sign in Cilcain** - Clerk reported that the faded tourist signs issue was now being dealt with by Mr J Bennett in Flintshire Streetscene. Clerk reported having sent location details to Mr Bennett.

p72 **Cilcain cemetery** - Cllr W Owen Thomas agreed that there had been a big improvement in the tidiness of the cemetery in the last two months. Cllr Thomas had not seen any planting take place in the central area gaps. The Chair and two Cilcain Members had inspected the central area planting, and were satisfied that the planting agreed in the 24 Feb 2022 site meeting with the Landscaping Contractor was satisfactory.

Cllr Worthington had arranged for the butt to be cleaned out, and raised in level etc.

The Chairman felt the cemetery looked well now that the grass had been cut and the water butt and water butt area had been sorted.

It had been agreed in the 24 Feb 2022 site meeting that the untidy area at the top of the cemetery would be dealt with in the April / May period when vehicle access through Waen Field would be possible.

Cllr Worthington reported on his enquiries with a local contractor with suitable machinery for this work. Chair to make further enquiries with a contractor who had undertaken work for the Community Council in Cilcain. The option of burying the stone material on site as opposed to offsite disposal had been considered at the site meeting.

Cllr W Owen Thomas expressed concern regarding the headstones in some rows not being positioned properly. Some headstones were on different levels and grave spaces had settled considerably in some plots.

Cllr Gwen Hardman maintained there was one area in particular where a general settlement of the ground had occurred. The Clerk referred to a regular get-together taking place a few years ago whereby top soil was purchased and Members would have a Saturday morning session for topping up any settled grave spaces. Cllr Hardman suggested topping up of depressions could be looked at when Members have the next site visit.

p72 **Covid snake memorial for Rhydymwyn Donkey Field** - Clerk had made enquiries with

Mr Lightfoot. Mr Lightfoot was not aware of any Covid 19 memorial stones in the Mold area. Clerk to enquire further with Mr Hickie.

- p73 **Coed Du Holdings** -The Council agreed for the Clerk and Vice Chair to acquire Land Registry plans for the area. Another meeting could then be arranged with Mr Darell Jones.
- p73 **Caravan and shed, Field adjoining the Institute** - Clerk reported having written to Flintshire's Planning Enforcement Section to enquire about an update on the position. Clerk to pursue further.
- p73 **Coed Du, Bath House** - The Clerk reported having spoken and written to a new contact in the Conservation Section. The Clerk reported there appeared to be only two Officers in the Conservation Section at present. Reminder to be sent. The Community Council wanted to establish if the conservation status of the Bath House was in a sufficiently high enough category to justify forcing the owner to undertake reconstruction / restoration work.
- p74 **Rhydymwyn Public Cemetery** - Clerk to pursue the possibility of compensation in due course.
- p74 **Street Lamp in Hendre** - Item can now be deleted.
- p74 **Cilcain reservoirs** - Cllr John Worthington reported that the site meetings had taken place with local residents. The hedges had been cut to enable construction plant to gain access to the reservoir site. Cllr Worthington suspected that the site construction work would not take place for several months, probably late Summer.
- p74 **Cilcain Bowling Club fence** - The Chair maintained that the new fence erected by the Bowling Club Contactor looked good. Cllr Gwen Harman maintained that a sturdy fence was now in place. Fence needed a coat of preservative. Clerk to pursue. Cllr Gwen Hardman reported that a grant application made to the Community Chest Fund had been successful. Chair indicated that a request for a grant from the Community Council would be considered at tonight's meeting.
Cllr J Emyr Davies and Cllr John Worthington had been to see the new fence. Both Members maintained the fence was satisfactory.
- p74 **Ruby Villas Surface Water Drainage issues** - Cllr W Owen Thomas reported not having received a response to the concerns he had submitted to the Planning Section. Cllr Thomas maintained he would insist on the application being deferred if he does not receive a satisfactory response.
- p74 **Cilcain Village Hall - History report** - Item can now be deleted.
- p75 **Cilcain Bowling Club** - Cllr W Owen Thomas enquired if a response had been received from Property Services regarding the remaining items of refurbishment. Clerk reported that a letter had been sent to Mr Brockley, but only an acknowledgment had been received up to now. Clerk to send a reminder. The Chair requested Cllr W Owen Thomas to speak to Mr Brockley.

- p75 **Wooden bench at Is y Mynydd, Cilcain** - Item discussed at the start of the meeting. Clerk to pursue further with Mr Hickie.
- p76 **Summer Playscheme 2022** - Clerk had forwarded the concerns expressed by Community Council Members to Flintshire Leisure.
- p78 **River Alyn Rhydymwyn** - Clerk to request feedback from NRW regarding the Council's report of fallen trees across the river.
- p78 **Notice Board in Hendre** - The Chair reported that Cllr Ian Hughes had fixed wooden beading to the bottom of the door. Cllr Jean Ramsay reported that inside the Notice Board was now dry. Clerk reported that Cllr Ian Hughes had also filed the bolts so that they were now much easier to push into the bolt receivers. A different type of drawing pins had also been provided which made it much easier to pin notices up. The Clerk to send a note to Cllr Hughes to thank him for the work he had done.

07 PLANNING MATTERS:

(i) Planning Applications received from Flintshire County Council.

- (a) Location: Storage Yard adjacent to Bryn Rhodyn, Cefn Road, Cilcain
 Proposal : Proposed Holiday Accommodation and Reception Building: Lodges
 Ref No: 063699

The Community Council **strongly objects** to the application for the following reasons:

- (i) A new development on this site constitutes sporadic development in the countryside.
- (ii) The location of the septic tank immediately adjoins Cefn Road and a number of residential dwellings. Any lack of maintenance issues with the septic tank will have odour and public health implications.
- (iii) Since the location of the proposed holiday type facilities is in close proximity to a building products yard which regularly generates dust complaints in the summer months, the site location is unsuitable for a holiday type facility.
- (iv) In addition, less than 100 meters to the East of the site boundary there is a former quarry pond. During the last two years this disused pond has become a focal point for trespassers, who turn up for swimming, diving or to participate in some form of activity using a sky rope over the quarry pond. These trespassing activities are extremely dangerous. The Local Authority has yet to come up with the answer regarding how to protect these trespassers from harming themselves. The Community Council wishes to draw Flintshire's attention to a similar disused quarry pond near Caernarfon, where there were 20 deaths in a twelve-year period.
- (v) The road from the applications site down to Rhydymwyn is unsuitable to accommodate additional traffic that would be generated by the development. The lane is very narrow, has minimum visibility and inadequate passing places. Whilst the road from Star Crossing on the A541 to this site is quite adequate, vehicles following Sat

nav instructions invariably take the shortest route. Vehicles approaching the site along the A541 from the Mold direction are directed by the sat nav instructions up Nant Alyn Road. Two photographs are attached:

Photo (A) - shows the narrow one track road towards Rhydymwyn showing poor visibility and inadequate passing places.

Photo (B) - shows what can happen when drivers not familiar with the local road network ignore the recommended road towards Star Crossing and follow the sat nav instructions by using Nant Alyn Road instead.

If planning permission is given for the development, then a traffic information sign should be provided at the exit of the site to request drivers to 'turn right' for Mold.

- (vi) The layout plan does not show any recreational area within the development.
 - (vii) The proximity of the site to the adjoining SSSI area is likely to generate additional pedestrian traffic in the SSSI, and can therefore have a detrimental effect on the rare plants being protected.
 - (viii) Over development of the site.
 - (ix) The Community Council is concerned about the growing number of planning application approvals for this type of tourist accommodation. A balance needs to be struck between permanent living accommodation and temporary tourist accommodation of this nature in the area.
- (b) Proposal: First Floor extension to side to create master bedroom, bathroom, study
Location: Upper Felin Newydd, Denbigh Road, Hendre, CH7 5QE.
Ref No: 063968

The Community Council has **no objection** to the proposal but has some concerns regarding the external fabric of the extension not being in keeping with the existing dwelling.

08. CORRESPONDENCE / COMMUNICATIONS

- 1) 17/02 Reservoir 1 and 2 at Cilcain - Information from the Cilcain Shop Secretary regarding the recent contact with Welsh Water in relation to the proposed 'drop in' meeting scheduled to take place in the Village Hall in the next few weeks. Position noted.
- 2) 20/02 Dolfechlas Road, Rhydymwyn - blocked gulley outside Fawn's Keep (last house on LHS as one leaves the village) reported by the Chairman. Item forwarded to Mr Neil Hickie. Item discussed when Neil Hickie was present. Work done.
- 3) 22/02 Cilcain Cemetery - tidy up entrance area - Verbal report - Cllr John Worthington had undertaken a tidy up operation in the cemetery on Tuesday 22 Feb. Three unused bins taken away, water butt cleaned out, disinfected and the water butt level raised by a couple of inches to enable a watering can to be easily placed

under the tap. Position noted. Chair thanked Cllr Worthington for arranging for the tidying work to be done.

- 4) 27/02 Tree at 47 Llys Alyn, Rhydymwyn - email sent to the Flintshire's Housing Section to express concern regarding the condition of a tree in the rear garden of 47 Llys Alyn. Chairman had requested the Clerk to raise this long outstanding item again with Flintshire CC. Chair noted that Cllr W Owen Thomas had met Mr Lee Shone on site some time ago to request for this work to be done. The Council would now have to keep reminding Flintshire on a regular basis until an answer is forthcoming.
- 5) 22/02 Request from a Cilcain resident for observers at a Community Council Meetings to be given a copy of a Flintshire Streetscene Action List prior to the Meeting to enable observers to better follow the meeting. Mr Hickie was consulted regarding the request. A copy of the list of items to be discussed by Neil was now available for observers at the start of the Council Meeting.
- 6) 23/02 Hendre Notice Board - Cllr Ian Hughes reported having fitted beading to the bottom rail of the notice board to prevent water ingress. Cllr Hughes had also filed the receivers for the bolts to make it easier to open and close them. Item discussed previously in the Council Meeting.
- 7) 23/02 Bryn Sholyn, Cefn Road, Cilcain - Response from Flintshire Planning regarding the planning enforcement position. Members will recall that a retrospective planning application for the development was refused by Flintshire CC. The applicant appealed to the Welsh Assembly against the decision by Flintshire CC. The Welsh Assembly dismissed the appeal. Position noted.
- 8) 24/02 Bryn Sholyn, Cefn Road, Cilcain - Information received from Flintshire County Council - Two caravans removed and log cabin scheduled to move offsite on 28 Feb 2022. Position noted.
- 9) 24/02 Cilcain Cemetery - The Council Chairman and five Council Members met a landscaping contractor in the cemetery on 24 Feb 2022.
 - (1) Members agreed on the extent of the clearing / planting work in the central planted area. Moss killing on paths to be undertaken. Quotation to be supplied. Work has now been undertaken.
 - (ii) Regarding the top end of the cemetery it was agreed to bury the stone rubble on site and re-profile the surface. This work to take place April / May. Chairman to obtain a quotation.
 - (iii) Cllr J V Worthington to arrange for:
 - (a) replacing the missing ridge tiles on the bus shelter roof.
 - (b) repair / replace leaking bus shelter surface water gutter. Temporary repair of the gutter with mastic has now been undertaken by Cllr Worthington.
 - (c) roundup on wood growth in front wall. Roundup and spray applicator purchased and stored in Bier House.

The Clerk reported the moss on the path had been treated. The moss had already changed colour from green to a brownish yellow, but another few weeks would be required for the moss treatment to become effective. Mr M Down to scrape away dead moss in due course.

- 10) 25/02 Cilcain Bowling Club - Renewal of fence between the Bowling Club and the Community Car Park. Existing fence damaged by recent high winds. Existing wooden fence erected 1996 (approximately). Request for donation. See note in Appendix. Item discussed earlier in the Council Meeting.
- 11) 01/03 Cilcain cemetery quote for central planted area and moss treatment of paths. Clerk authorised to accept the quotation on 28 February 2022. Work commenced on site on Monday 07 March 2022. Work completed on site on 9 March 2022. Position noted.
- 12) 01/03 Caravan in field A541, Rhydymwyn - Update received from Flintshire Planning Enforcement Section. Members noted that a Rhydymwyn resident had made a complaint about the possible planning infringement on this site. Position noted.
- 13) 08/03 Flintshire Play Sufficiency Assessment 2022 - Response required by Flintshire CC by 22 April 2022. Item discussed earlier.
- 14) 04/03 New LED Lamps - Quotation for replacing four lamps with LED units. Members noted that £1,500 was included in the 2021/2022 budget for LED conversion work. Cllr W Owen Thomas referred to the new 'Dark Sky' policy being introduced. The Community Council would need to check with Flintshire's Street Lighting expert to establish if the new LED lantern specifications would have to meet a certain level of 'cut-off' for the lanterns to comply with the new dark sky policy. Chair enquired if there were any grants available for the conversion to full 'cut-off' lanterns to comply with the new policy. Cllr Thomas indicated that the grant position would need to be checked.
- Cllr Gareth W Hughes had counted the total number of street lamp in Rhydymwyn and Hendre (16 in total) and had counted the number of lamps already converted to LED. (4 lamps in Nant Alyn Rd - two of them already LED) (two lamps in Leete Avenue) (8 lamps in Dolfechlas Road - one of them in LED) (two lamps in Hendre) (two LED lamps in the former school footpath - put in by Flintshire)
- Regarding the quotation received, new LED lamps in Rhydymwyn to be provided this year, and four scheduled for Cilcain next year. Clerk to check night sky policy first.
- 15) 10/03 Cilcain Cemetery - Request for an unusual shaped plaque to be added in front of an existing headstone. Member's views were invited. Application approved.

Members agreed not to make a charge for the additional plaque. The Council would not insist on the new plaque being erected by a local Memorial Mason. The height and the angle of the new plaque to be such that it does not hide the words on the bottom of the existing headstone. Clerk to pursue.

- 16) 10/03 Pollution of Fechlas Brook (classified as a main river by NRW) - Information regarding a pollution incident, and a request for information from the Community Council. None of the Community Councillors had been contacted by a local resident regarding the complaint. Clerk to notify the NRW accordingly.
Members agreed that the reference to the extraction pipe upstream of the tarmac entrance could be a separate matter entirely. NRW would have to make its own enquiries regarding the extraction pipe, but NRW should start off with the landowner, probably Tarmac.
- 17) 10/03 Pollution of Fechlas Brook from limestone dust on the road surface in Nant Road - Reminder from Cllr Ian Smith regarding information picked up from local Facebook pages in December 2020. The Community Council made a two page submission at the time to Flintshire County Council making specific reference to the limestone dust problem of Nant Road:

'The section of Nant Road between the quarry exit and the A541 has some significant depressions in the road surface, which hold limestone dust-laden surface water'.

However, the information noted by Cllr Smith from the Facebook pages at the Tarmac Extension Planning Application time, related to limestone laden highway surface water being discharged into Fechlas Brook. Therefore, Members agreed to authorise the Clerk to send the video clip evidence to NRW.
- 18) 13/03 Cilcain Clean and Lock - Annual insurance premium from Zurich - request for donation. £63.53 donation approved.
- 19) 13/03 Proposed Jubilee festivities, Cilcain WI - Letter from the WI local president regarding the scheduled jubilee festivities in Cilcain - £400 donation approved.
- 20) 13/03 Notice of Elections - Request from Flintshire to erect notices on local notice boards and Council website. Notices posted up on three Notice Boards.
- 21) 14/03 Bowling Club Land, Land Registry - Solicitor's estimate for changing legal titles. Quotation of £250 approved. Clerk authorised to instruct Solicitor.
- 22) 14/03 Pollution incident, Fechlas Brook, Rhydymwyn - Response from Flintshire Minerals regarding Tarmac's maintenance arrangement of its wheel washing facility. Item discussed earlier.

- 23) 17/03 Drainage odour in Dolfechlas Road - Latest position statement from Welsh Water. Item discussed earlier.
- 24) 17/03* Reservoir 1 and 2 Cilcain proposed 'drop in' session - Information from Cilcain Shop Ctee suggesting date of Welsh Water's public consultation session in the Village Hall is now likely to be no earlier than June. Position noted.
- 26) -- -- Neil's Action Plan - Item discussed earlier.

09. PAYMENTS OF ACCOUNTS - The accounts scheduled in the Appendix were approved for payment.

10. ANY OTHER BUSINESS -

(i) Cilcain Play area - Cllr W Owen Thomas referred to being approached by two mothers from the village expressing concern regarding the lack of equipment for toddlers in Cilcain compared to Rhydymwyn. Cllr Thomas maintained that some of the items for toddlers had been taken away and not replaced.

The Chairman referred to a Flintshire wide survey having been undertaken by Flintshire Leisure. Flintshire had met the Council Members in a site meeting at Rhydymwyn, and explained that Rhydymwyn had been selected for further expenditure because of its suitability. Following the site meeting, Cllr Thomas had been requested to take the Cilcain concern up with Flintshire Leisure.

Cllr Thomas confirmed he had taken the matter up with Mr R Roberts and been informed that there was a grant available for Cilcain.

Cllr Gwen Hardman maintained the Council would have to take several steps:

- (i) Confirm if items for toddlers had been taken away and not replaced in Cilcain.
- (i) Identify the cost of new items for toddlers if there are gaps available in the play area.
- (iii) Establish how much grant funding Flintshire has available for Cilcain, and when it is available.
- (iv) Enquire about external funding to top it up if necessary.
- (v) Accommodate the necessary outstanding amount in the Council budget.
- (vi) If the play area has to be extended to provide units for toddlers, enquire if any Village Green regulations would prohibit the Council from extending into the Waen Field.

The Chairman recalled having a meeting with Mr Richard Roberts at Cilcain when an extension into the Waen Field was discussed. There were two reasons why the Council did not proceed with the extension proposal at the time.

- (i) The 80% Minerals funding ran out just at that time.
- (ii) The problem with extending into the Waen Field due to its Village Green status was identified around the time

Conclusion: Clerk to make enquiries with Flintshire's Mr Richard Roberts.

(ii) **19/03 Cilcain parking** - Email received from a Cilcain resident regarding parking in Cilcain. This e-mail was received following the Agenda distribution, but was considered by the Council. Clerk to respond.

11. DATE OF NEXT MEETING - The next meeting of the Council is scheduled for the Rhydymwyn Football Club building, at 7.30 pm Monday 25 April 2022. Members noted that the third Monday of April is a Bank Holiday.

SignedChairman Date: Clerk

APPENDIX - MATTERS OF A CONFIDENTIAL NATURE - PAYMENT SECTION NOT FOR PUBLICATION UNTIL APPROVED AT THE COUNCIL MEETING -

1.

(i)	February 2022, salary + expenses (Sal = £484 / month) (and part annual expenses - for travel, office allowance, telephone etc.	584.55
(ii)	HMRC - PAYE (L.G.A.1972 S112)	88.70
(iii)*	Bowling Club - donation to assist with replacement fence.	600.00
(iv)	Blackwell Memorial Mason - refund (£66 - £1) - Please note that Blackwells, by mistake, made a BACS payment into the Council's Bank account instead of Rhydymwyn Church. Blackwell's owed the Community Council £1 for an underpayment a few months ago.	65.00
(v)	Office stationery and equipment - (L.G.A.1972 S111)	118.97
(vi)	Roundup for Cilcain cemetery + spray pump for Biere House + magnets for Cilcain Notice Board	68.14
(vii)	Cilcain Clean and Lock - donation to assist with annual insurance premium	63.53
(viii)	Cilcain Village Hall - Donation to assist with annual insurance premium	325.00
(ix)	M D - work to central area planting in Cilcain cemetery (Two Cilcain Ward Members requested to inspect the work, and confirm work was as specified in recent site meeting.	375.00
(x)	Web Fee - two months	36.00
(xi)	Electrical Contractor annual maintenance (last year = £825)	588.00
(xii)	Purchase of wooden seat from P and A for bottom of Cilan Lodge Rd = less 10% disc	280.99
(xiii)	Rhyd FC - Hire of Hall for Meetings (last payment Oct 2019)	80.00
(xiv)**	Cilcain W I - assist with Jubilee celebrations - donation	400.00

2) * **Please note** - The following is an extract from the allocation list agreed at precept time in January 2021:

<i>Summer playscheme</i>	2,858
<i>Rhyd play area refurbish match funding scheme</i>	4,000
<i>Community buildings (B Club, Inst, Rhyd FC)</i>	1,800
<i>Village Hall - public toilet - annual donation</i>	600
<i>Village Hall additional lease enquiries</i>	400

** **W I Donation** - Members noted that the Community Council gave a donation of £400 to the Rhydymwyn and Hendre Community Group in the Feb 2022 Council Meeting.

3) **Cilcain Cemetery grass cutting central area.** Due to the discussion that took place in the January 2022 Council Meeting regarding the frequency of the cuts, Members agreed to instruct the grass cutting contractor to cut the central area at the beginning of each month, starting in the beginning of April. The last cut will then be near the 1st October. (7 cuts per year)
